## **OVERVIEW**

Experienced entrepreneur with enthusiasm for finding creative and innovative solutions to complex challenges. I possess a passion for all things automotive and mechanical. I am a results-oriented leader with demonstrated ability to develop, undertake and direct projects based on sound goal setting and planning. Excellent interpersonal skills, with a successful track record in negotiations and conflict resolution. After considerable on-set experience, coupled with successful careers in the oil patch, and a number of entrepreneurial ventures, I have chosen to focus exclusively on the film industry. My goal is to become the go-to supplier of picture vehicles in Canada, provide inspired picture vehicle coordinating for productions, and to excel at crafting exceptional, dynamic vehicular shots.
